

Dimensional drawing of concrete anchors to be mounted on the ground:

1. Select a flat surface for mounting the trash bin. Drill holes in configuration shown as picture to accept concrete anchors (Item 1). Secure expanding concrete anchors fully to holes and secure trash bin frame to ground using 16mm box end wrench.

2. Open the maintenance door (Item 2) on the trash bin, turn on the battery power switch on the side and test all electronic features to complete installation.
